

## Voting Demo Overview

Updated August 30, 2016

### Overview

Thank you for your interest in AssociationVoting.com. We have configured your election demo with a sample set of data designed to show you the standard software features. If you have questions about the functionality in the demo, or if you require additional features to support your voting rules, please contact us as we can accommodate additional or custom functionality.

Your demo is configured to operate an online election for “Demo Association” for two weeks. There are several positions, some of them for specific regions. There is one ballot proposition regarding renaming the association.

### Members and Member Groups

Your member database is preloaded with thirteen members. Members are assigned to one of three regions (one member is assigned to all regions).
